

WHY BUY GOBAMBA?

1. A US established company with more than 5 years in the market serving clients worldwide;
2. Owners of Nanus Workshop manufacturing the best product quality of chimneys, garden pots, décor vases and other pottery décor items. Includes color catalog, unique and superb lacquer and sealer finish and code powdered iron accessories. Plus we offer insurance, guarantees and credit *(if applicable)*.
3. GoBamba Trader is the largest Mexican Arts & Crafts & Furniture catalog with over 3000 items and over 40 product lines from all around Mexico;
4. Gardens of Steel, Mural and Pure 925 product catalogs;
5. Prices at GoBamba Trader and all of our other lines are directly from manufacturers. We're your outsourcing purchasing department so that gives us the responsibility to negotiate prices & get new products every month lowering your costs and time to do imports from Mexico;
6. You can consolidate from any of our lines (Nanus, Gardens of Steel, Mural, Pure 925 or GoBamba Trader) or buy from only one of our lines;
7. Product search and product development projects;
8. Ship door to door worldwide – buying, consolidation, packaging, customs and shipping in one same place;
9. Credit, insurance and other services not offered anywhere else;
10. Ship from one pallet to as many truckloads you need;
11. Time lead and product fulfillment guarantees;
12. The list goes on...

Please view our catalogs and additional information in any of our websites.

We appreciate your business and hope to work together soon!

PURCHASE COMMISSION

10% Purchase commission with a minimum charge of \$35 Per Product Line in case of purchasing less than \$350 per product line. Our suppliers are offering their direct prices. In case you need us to negotiate a price for volume purchases on a certain product line please let us know and we'll do our best.

If you purchase more than 12 trucks a year contact us for a special rates and information for a Yearly Representative Flat Fee service or a fix service fee per truckload that we can quote based on your specifications. We also offer consulting projects based on your Company's needs. To quote a project please contact us.

The prices shown in our website are directly from manufacturer, the purchase commission is not included.

Nanus Workshop products are exempt of purchase commissions as we are manufacturers.

Gardens of Steel products also have a 10% purchase commission.
All product and service prices are in USD

- Merchandise consolidation: Merchandise consolidation varies per shipment. The lower the number of product lines you have and the fewer the locations from where your items origin, the lower your merchandise consolidation fees. We have warehouses in Guadalajara and in Monterrey; Mexico. Nanus Workshop products have no consolidation fees if shipping out from Guadalajara as it is shipped out from our own premises and we're manufacturers. "Gardens of Steel" is consolidated in Laredo, TX and has a \$200 fix fee for truck stop and merchandise uploading regardless of purchase volume.
 - Estimated costs are as follows:
 - Within Guadalajara - \$33.00 per 16 Ft. truckload capacity per product line. Please note that each movement that has less than 16 Ft. capacity is subject to this same flat fee. In case most of the merchandise comes from nearby places we can consolidate with a special rate depending on circumstances that can be as low as \$60.00 for a number of suppliers.
 - Dolores / San Miguel / Guanajuato - \$5.00 per box or \$620 for a 16 Ft. truckload to consolidation point
 - North - \$20.00 per box or a stop fee of \$200 whichever is more beneficial for client;
 - South (Example Oaxaca or Taxco): \$40.00 per box
 - Puebla Furniture: If you purchase only furniture we can ship directly from Puebla to your destination and have no consolidation fees. If consolidating furniture a truck stop has a \$650 - \$850 USD fee – If less than a truck is needed we'll determine if it is better to do a truck stop or ship a smaller truck to consolidate and reduce maximum consolidation fee of \$650 - \$850
 - Overweight items (for example "cantera" line 114) might have additional charges than our fees shown above.

Supplier Packaging: Before we palletize or "bulk" package (if applicable for full truckloads), some merchandise might be needed to be packaged before recollection of merchandise to consolidation cost. This varies depending on the type of merchandise and supplier's location and usually suppliers might charge around 3% to 5% of the product value. This cost is transferred directly to our clients.

PACKAGING, PAPERWORK & CUSTOMS

We ship door to door worldwide. The above factors depend on your order. Please ask for a quote based on specific order needs.

SHIPPING

We usually ship 53 Ft. freight container loads or 40 Ft. Ship containers. We work with a large array of freight carriers to always have truck availability and to ship at the best rates as possible to your destination.

We also offer LTL services for smaller shipments. Please ask for a quote depending on your needs. For LTL services we're concentrated in shipments originating from Guadalajara, Tonalá, Tlaquepaque, Dolores Hidalgo, San Miguel de Allende and Monterrey.

FAQ

Can I consolidate other suppliers not in your catalog?

Yes, you can. We charge the same 10% purchase commission – consolidation, packaging and other shipping & handling fees have to be based on a per case scenario. To consolidate suppliers not in our catalog we need to ask our clients to sign a Responsibility notice for the contents of the merchandise that have been ordered and GoBamba needs to take care of the packaging of products (if items are already packaged, we need to repackage to verify the product that is to be shipped). *Please ask for more details.*

How can I see manufacturer's direct prices?

All of the prices in our Trader catalog are direct from manufacturers. GoBamba charges a commission fee for making the purchases of such items. If you register and login to our catalog you'll be able to see some of our prices so you can have a better idea of the magnificent prices you are able to get directly from Mexico. Then again, not all prices are shown as this serves as a security measure for our client as some persons might misuse such information (for example, a client of yours could login and see a piece at \$10 that you sell to him/her at \$100 – please consider this is done as protection for our own clients). If you are interested in our products and you want to see all prices please contact us for a distributorship password at 1-866-417-8424. With such password you'll be able to see all prices online.

What is your Minimum Order?

There is not a minimum order. Then again, please keep in mind that the products are being purchased in Mexico and shipping fees, customs as well as consolidation costs might be high relative to the value of the merchandise for low volume orders. Cost-wise, we'll recommend you to purchase at least one pallet and try to keep a minimum of \$300 to \$500 per product line to keep your commission, consolidation, and shipping & handling costs within a competitive range. In case of purchasing small wholesale orders that will be shipped consolidated we also recommend to focus your selection in small items so your cost to ship such merchandise is not high. In case you want to purchase wholesale you can also consider our options to pre-order and pick up your order at our wholesale San Marcos, TX distribution center.

What are your shipping methods?

We mainly ship complete 53 Ft. freight truckloads. For oversea shipments we are able to ship 20 Ft and 40 Ft. ship container loads. Smaller orders are shipped by LTL freight.

How do I place an order?

1. Register for free and see all of our product lines and examples of our manufacturers' direct prices;
2. Contact us for a distributorship password to see all direct prices online anytime, anywhere;
3. Select the items you need to place your order. Add them to your wish list or simply write them down in a sheet of paper;
4. Send us your preorder by fax or let us know you have your order ready and we'll take the information from your wish list;
5. Before placing your order we'll verify prices with our suppliers, product availability, lead times, final service quotes and shipment options;
6. Once we have a final order with all information verified, we'll fax your final order by fax to be signed and we're ready to start and fulfill your order;
7. Receive all of your items door to door at the best possible prices in less than 5 weeks (our lead times vary from 3 to 5 weeks for Trader catalog items).

Do you accept credit cards?

- No credit card payments are accepted for our Trader catalog orders. No GoBamba credit is available for our Trader catalog products. 50% Down Payment is necessary to place an order from our Trader catalog. 50% upon shipping is necessary to ship product out. Please note that our Trader's catalog is offering a service and not a product and practically we are just a representative for your Company and as a result neither credit cards nor direct credit is available for Trader lines. Credit cards and direct credit is available under certain policies for our own manufacturing line – Nanus Workshop.

Can I cancel an order?

Please note that we are representing your store or Company with suppliers we've worked for a long time together. Any payments not made for merchandise will inevitably damage our relationship with our own suppliers as well as hurt the relationship of our suppliers with other clients we represent. Due to this fact, there are no order cancellations. If items have been already ordered and purchased we are unable to cancel your order. If client is unable to pay the 50% balance once the order is ready to ship, we'll maintain your order on HOLD. If due balance is not deposited one month after the order was ready to ship,

warehousing charges might apply. If due balance is not paid within a 6 month period after notification that your order was ready to ship, we'll cancel your order automatically (no partial orders can be shipped) and your down payment will be lost.

What are your damage policies?

- Please note that we do not have insurance for normal shipping damages of our Trader catalog as we are offering a service, not an item. Then again, our products are of outstanding quality as we have worked with most of our suppliers over 5 years. Furthermore, all of your order's items are verified for quality and breakage during consolidation before we ship. Our packaging experience is also superb having an average of less than 3% breakage product value per shipment. We might not be able to cover any damages during consolidation or shipping, but for any damaged item you receive, we'll deduct the item's purchase commission. Also be certain to see our additional Insurance options for LTL shipments. For Nanus workshop products we offer a direct insurance of 3% over product value being shipped LTL or on complete truckloads, entirely free. We average less than 3% breakage per shipment.
